

### **Annette**

I was really nervous going to get my wedding dress. I already had a wedding dress picked out but I knew in the back of my head that it wasn't "the one". I decided to go to Ashley's bridal one night after work. Stephanie helped me pick dresses. I told her an idea of what I was looking for and gave her a price range. In the bunch of dresses she picked out was "the one". The perfect dress that I just knew I couldn't leave without. This whole dress hunting began 3 months before my wedding and I was lucky enough that John (the owner) reassured me that my gown would be in the store in time. When I got the gown, Connie (the other owner) the seamstress, fixed my gown and made it fit perfectly. I looked and felt beautiful. The shop has a huge selection of gowns. My mother-in-law also got her gown for my wedding at the shop!

### **Colleen**

After going to Ashley's for my prom gown years ago, I was very happy to see the quality of their service is still wonderful. I purchased my wedding gown, mother of the bride dress, and bridesmaids dresses and rented our tuxes from Ashley's Bridal. I cannot say enough great things about this shop. John was extremely helpful with renting our tuxes and helping me pick out a wedding gown. The shop is very comfortable and has a large selection of dresses for the size of the store. Any dresses they do not have samples of that they are authorized to sell, they can order the dress for you (my mom special ordered her dress). Unlike other bridal shops, I enjoyed being able to pull my own dresses. At other stores, I often felt like the consultant would pull dresses for me to try on at random, rather than listening to what I was looking for. In terms of alterations, Connie is amazing. My dress fit perfectly for my big day and my bridesmaids looked wonderful (after a LOT of alterations). Even when they were extremely busy with walk-ins, the staff was very attentive and did not appear rushed. ABSOLUTELY WONDERFUL!

### **Michelle**

As a plus size bride, I was nervous about finding a wedding dress to fit my figure AND be flattering. Well I found THE DRESS here and I absolutely love it! To try I some dresses can be unnerving due to the small sizes in the boutiques but there were plenty to try on and fit!

Connie, co-owner with her husband, helped me pick out many different dresses to try. Ones that I wanted others I didn't think would work- but I'm so glad she pulled them! I really saw what would work and what wouldn't.

I found my dress and fell in love!

Connie was very flexible with alternation times and fittings to fit my needs (traveling out of state).

### **Ashley**

I purchased my wedding dress, veil, and earrings at Ashley's Bridal and also had my alterations completed here. I absolutely could not be happier with how everything turned out! I received so many complements on my dress (too many to count!) and the fit was wonderful! I felt like a princess/movie star/fashionista! Connie and John were incredibly helpful with finding my dress, ordering everything, and being in constant

communication with me. I couldn't have asked for a better place to get my dream dress. I HIGHLY recommend them to every future bride!

### **Cheri**

I had such a positive experience at Ashley's Bridal! John and his wife were very professional, but very friendly and personable at the same time. I didn't have to worry about what was going on with my dress and accessories at any time. I highly recommend Ashley's Bridal!

### **Melissa**

I couldn't have been happier with my wedding dress; I found it on my first visit to Ashley's Bridal. Connie was amazing with the alterations and made my dress fit the way I would feel the most comfortable. The dress was amazing and the staff was great! Any bride to be should be looking for her wedding dress at Ashley's Bridal!

### **Amanda**

Ashely's Bridal was the first and only place I looked for my wedding gown. In fact, I bought the first dress that I had tried on!! Connie did an amazing job altering my dress (from a size 12 to a size 2!) and ensured we got my dress early. John was extremely helpful and professional even as my mother and I spent hours searching for the perfect bridesmaids dresses. Thank you to Ashley's Bridal for making my wedding truly memorable. My husband's face at the end of the aisle made all those fittings worth it!

### **Celina**

When I first walked into Ashley's, I thought it was a nice, cute little shop. For the first 15 minutes, we fished through all the gowns in the store on our own bc our consultant was not there. I almost wanted to leave because i was getting annoyed that we had no help. I tried on a few dresses, some of which were from the back section of the store which were discontinued styles. I ended up falling in love with one of the discontinued dresses that just so happened to be my perfect size.

From there I was able to schedule appointments easily for fittings and for my bridesmaids. We ordered our bridesmaids dresses at the end of December and were initially told the dresses should be in mid-April. That unfortunately did not happen, they came in at the beginning of May and then i had to deal with shipping dresses to bridesmaids (of whom were in the area 2 weekends before for the bridal shower). The dresses came in perfect and there were no issues with sizing.

I had a sweetheart top added to my dress which looked so pretty, but i feel like the finish could have been better. Other than that, I am happy with my experience of working with Ashley's!

### **Megan**

Ashley's Bridal came through with the perfect dress after I had been to 7 other stores. I had a low dress budget but was able to find a dress that I was absolutely in love with. Connie spent many hours on my dress to make it fit like a glove. She was able to change the shape to my dream gown. I felt like a million bucks. We also got our bridesmaid dresses from Ashley's and had no issues.

### **Carol**

It's taken me a few months to post this, but I wanted to say that Ashley's Bridal is THE BEST. Connie and John were amazing to work with. Even though it was a long drive for us, it was totally worth it. John gave us the best price on my daughter's Allure Couture wedding gown. No one else came close. Connie is a magician! My daughter wanted major changes made to her gown to make it custom. I cannot believe what Connie was able to do to give my daughter her dream dress. And, I could not believe how reasonable the alterations were. I would recommend Ashley's Bridal to everyone. Thank you, John and Connie.

### **Allison**

I went to many bridal shops before coming to Ashley's bridal. Other shops were pushy and I felt like they would try to sell me ANYTHING- even accessories prior to my gown purchase. The shop is not fancy but the service is top notch. Connie (the owner) truly respected what I was looking for and gave me her honest opinions which I truly respected. She even found out my father recently passed away and went out of her way to surprise me and to personalize my something "blue" with his initials embroidered. She goes out of her way to ensure your day is extra special. Her prices are honestly the best I've seen and she personally does alterations in house. I highly recommended going to Ashley's bridal- you won't be let down!

### **Whitney**

I had bought all of my previous prom dresses at Ashley's Bridal and it was only right to go and look at their wedding dresses. My very first appointment out I found the dress of my dreams! I also bought all my bridesmaid dresses and tux's there. They offered a package deal for everything and it was a nice savings for everyone. Ashley's Bridal was wonderful to work with! Connie did an amazing job on the alterations of my dress. It turned out more beautiful than I could have ever imagined! We had a little issue with my Husbands tux when it came in, but John at 8:30pm, the Thursday before my wedding was on the phone, fixing the issue right away. The service was amazing and I would highly recommend using Ashley's Bridal to anyone! They made the whole wedding attire experience so fun and easy!

### **Roberta**

They were awesome! Connie made me feel as though I could leave it all in her hands and I would be beautiful.... and I was! My dress fit great... the alterations were perfect. Glad I chose to buy from them and not

David's Bridal! Bride's, you get what you pay for! If you want a perfect experience, go to Ashley's Bridal! Fair, honest, competitive pricing and a sincere willingness to make your day perfect!

### **Leigh Ann**

I bought my wedding dress and bridesmaid dresses from Ashley's and loved them! Connie and John were amazing to work with. Connie was great with my dress alterations and was very quick with it. She was always so nice and accommodating with how I wanted my dress altered. I would definitely go back there and refer them to anyone looking for a place to purchase dresses!

### **Tulip**

Wonderful place to go to for Wedding dresses. Large selection, friendly staff, amazing prices, and a cute little shop that's not pushy, or over bearing - what more do you want. I would recommend this place to my friends and family. John is wonderful to work with, very helpful and very professional. Got the wedding dress of my dreams and everything worked out wonderfully.

### **Crystalmae**

After going to numerous stores in the area, I finally found Ashley's Bridal. The staff was so nice and helpful and I find my dream (Maggie Sottero) gown. It was off the rack, a few sizes too big, but Connie worked on it for a couple months and it turned out perfect; fit me like a glove! I came in for numerous fittings to get it perfect, and the price was incredibly reasonable, especially when compared to David's Bridal. Loved Connie, loved the dress... they're awesome! They also did my invitations...after searching online for the perfect invitations; I found them at the store I got my dress! Great experience.

### **Mandy**

I loved my wedding gown and I loved my bridesmaids' dresses. The only hiccup that I had with them was the timeliness of delivery. Just make sure you order your gowns at least 9-10 months before your wedding.

### **Jill**

I had a great dress experience at Ashley's. I originally tried on dresses there and thought it was a nice place even though I didn't find something I liked the first time. After finding my dress at another salon that had some unsettling reviews I headed back to Ashley's to order. Everyone in the salon was very nice and helpful. Connie was awesome with all my alterations over 5 fittings. Her attention to detail and skill was apparent and put me at ease. I would definitely recommend Ashley's to any bride in the area looking for a dress.

### **Twelvenine**

I found Ashley's Bridal because they had a Maggie Sottero Leoni dress that I was looking for all over. I had called other bridal stores and found out that it was discontinued. When I called Ashley's, I found out that they had a sample of it. I went there with my Mom and tried on a bunch of other dresses and saved the Leoni for last and right then and there I knew that was the dress for me! After losing some weight, Connie had to take my dress in two sizes. I had numerous alterations and Connie made sure that the fit of my dress was absolutely perfect. I also had Connie dye my shoes (red) to match my bridesmaid dresses. I can never thank both Connie and John enough for such remarkable service! You both were a pleasure to work with and I would highly recommend that any future brides to come to you!

### **Julia**

I refused to buy my wedding dress at a bridal store chain like David's Bridal/Alfred Angelo. I think wedding dress shopping should be an intimate experience and I felt right at home at Ashley's Bridal. It's nice to buy a dress at a store where the owners run the place, know who you are when you call and know what's going on with your order when you inquire about it. On top of that, I felt they had my best interest at heart...they measured the hem before ordering the dress so that it would save me some money. Despite my concerns that they were ordering a size too small, they ordered a size that fit so well Connie barely needed to do any alterations (which again saved me money). I was able to buy a gorgeous dress within my budget (about \$1200). Connie helped me find the perfect veil that only cost \$100 and she even dyed my shoes to match my bridesmaid dresses. I would recommend Ashley's Bridal to anyone that wants to buy their dress from people who know what they're doing and who provide quality service.

### **Dina**

Connie and Jon at Ashley's were wonderful in providing not only my bridal gown, but the bridesmaids dresses and my mother's dress as well. After not being able to find what I wanted, Connie worked with for 8 months in creating my dream dress. I found a dress in their shop that had the silhouette i was looking for and then Connie pretty much deconstructed the whole thing and created a gorgeous one-of-a-kind gown for me. I can't thank her enough for all her hard work and patience as she made the dress I was looking for and couldn't find! Their prices were also the most reasonable in majority of shops we went to and we went EVERYWHERE. The store itself is small and out-dated and at first is a little off-putting, but they have great prices and can order you in almost anything. Highly recommend Ashley's!

### **Lauren**

We used Ashley's for just about every aspect of our wedding attire: my gown, all of my bridesmaids' dresses, my mother's dress, all alterations, and all tuxedos (groom, groomsmen, fathers). Aside from a couple minor (AKA easily fixed) issues, everything went exceptionally well. The owner, John, was always so pleasant and accommodating. He also has a fabulous eye - I was convinced I wanted something completely different, but he

selected a gown for me "just to try" and it was absolutely the one! (I also found that same gown at a nearby salon, and it was about \$300 cheaper at Ashley's :)

John's wife Connie does the alterations, and she is definitely competent with a needle and thread. She did an excellent job with everyone's dresses, and when there were things we weren't happy with, without hesitation she was willing to make the changes that we requested. Overall I was very pleased with Ashley's.

### **Christine**

We got the bridesmaids dresses at Ashley's Bridal and were very happy with the dresses and the ease of finding dresses. The owner was very helpful. The only issue we had with the shop is that I believe the measurements were taken incorrectly because all of the dresses were 1 or 2 sizes too big. Other than that, we were very happy and pleased with the shop. They are very accommodating and easy to work with if you have out of town bridesmaids. The online ordering made it very easy for one of my bridesmaid who couldn't make it up for the fitting.

### **Emwolcott**

We all loved Ashley's Bridal. I had 12 dresses fitting for my bridal gown and it fit like a glove at the wedding! Connie & Jon are perfect! We did the bridal gown, bridesmaids' dresses, and tuxedos at Ashley's and everything turned out perfect! The bridesmaids' dresses were great! There was a small issue with the tuxedos but it got resolved quickly and in a timely manner. Would definitely recommend to everyone!

### **Jess**

Ashley's Bridal was a total pleasure to work with. We got all the tuxes for the groom, groomsmen, and dads from Ashley's. The tuxes looked amazing and we had no problems with sizes or rips or anything coming incomplete. Ashley's had flexible hours that were easy to work with, which was really helpful to us.

### **Emily.Ha**

I came to Ashley's because I saw a dress on display at a bridal show that I fell in love with-and it's the one I ended up getting by a designer only sold at Ashley's. It was my dream dress and I am so glad I got it. However, the tuxes were WAY overpriced-and they didn't tell me the total until I went to pick them up and paid \$180 for each of them. They do a "package" if you get everything through them-but it's not worth it at all. I was overcharged for my alterations, tiara, veil, bridesmaid dresses and tuxes and I didn't feel like they were honest with me about all of the prices. The service is great and I loved my dress, but I would advise people to look around for their dresses/tuxes instead of getting them all from one place.

### **Dmill**

Out of all of my wedding vendors, THIS boutique was my favorite!! The selection is good, the prices are good (I bought mine off the rack for a discount) and the seamstress has FLAWLESS attention to detail at a great value. A+++++.

### **Tvoyaanuta**

Love Ashley's Bridal and I would recommend them to anyone.

It all started when I was looking for a specific dress, Sebelle by Maggie Sattero but I couldn't find sample anywhere. For some reason the first time I walked in to Ashley's and met John & Connie I knew that I wanted to order from them. I found a sample somewhere else, I ordered from Ashley's. Not only were John & Connie great and helpful when ordering - they also gave me a better price.

Some months went by, my dress came in. I had a major misunderstanding but instead of ignoring me Connie - went all out and showed me what I did see. She understands how much stress brides are under. My dress was beautiful but just like everyone else, I wanted to make it different... Connie spend few months helping me create the wedding dress of my dreams - not only did she alter it, but she also helped me design few things. Over the period of 12 months, Connie & John became more than just some people that own a store where I bought my dress but so much more! John also, took care of my husband, fathers & groomsmen in terms of tuxedos.

I would highly recommend Ashley's bridal to any bride and not just because of lower prices but also because John & Connie treat you like family.

### **Hannah**

I went to Ashley's Bridal on a recommendation from another bride. They had a great selection right in my price range and the salesperson was very helpful. The woman who did the alterations was a little flighty and no one told us before the final fitting that we had to pay cash for alterations, which meant my mother had to run out in the middle of the appointment to find an atm. I think you get what you pay for - it's no Klein Feld's in NYC. But the dressing rooms were clean, the staff was friendly, and we had a nice experience with them.

### **Jessica0602**

John and Connie are fantastic. I found my gown at another bridal shop but called to price it to see if I could get any deals on it since it was out of season. I went with Ashley's because a) I read fantastic reviews; b) they are literally down the street from my house and c) they were running a special at the time I bought my dress for a flat fee for alterations. Since I only needed a bustle, hem and some taken in at the top, it was great! The dress looked amazing and Connie is an awesome seamstress.

### **Jamie**

Ashley's Bridal was great. They made it very easy to find the perfect dress. Connie did great with my wedding dress alterations (which was done in 3 days!!). I loved my dress and could not have been happier with my dress shopping experience. I would recommend using Ashley's Bridal!

#### **Tracy**

They did a great job with my girls' dresses! They had a lovely selection and I would use them again in the future.

#### **Megsher**

I actually used the location in Millville, DE. I loved my dress and Connie was so helpful with everything. Reasonable prices as well.

#### **Rebeccak517**

My husband and I were married May 2009. I absolutely LOVED the gown I purchased from Ashley's Bridal! The staff (Connie, John, Rosemary, & others) were fantastic throughout the whole process. I also used Ashley's Bridal for my bridesmaids' dresses. Due to the fact we were married during prime wedding/prom season, I experienced some difficulty scheduling appointments. But overall, I was very pleased with their services and felt they were reasonably priced.

#### **Lm**

John and Connie have been extremely helpful from day one. They were able to get my dress for me after I was told it was by many stores that it was discontinued. We have used Ashley's services for dresses, tuxedos, and invitations based on the great price packages put together to help keep costs down. Both John and Connie are always there with helpful advice and a smile. I never leave there disappointed.

#### **Bartleye2**

I went to about 10 different Bridal Shops before I found Ashley's. Every single one of them I did not get the "wow" factor with. I contacted the owner about the dress I absolutely loved and from then on I was amazed...even though they did not carry that particular dress they bent over backwards to ensure that I got it. I did know to order way ahead of time because this was an out of season dress, so there was no issue there. I ordered my dress, my veil and had my alterations done there. All the employees were very pleasant and the prices were incredible. The alterations were done so quick I couldn't believe it, it was a perfect fit. Everything about the place was just impeccable. I will recommend Ashley's to not only brides, but those who are looking for formal wear as well as I was extremely pleased by every last detail. Although I will not need another bridal gown I will be sure that I will go there again if I need any type of formal wear.

### **KSquared**

Absolutely love this store and would recommend them to anyone. Connie was absolutely wonderful with my fittings. She takes her time to make sure you look stunning on your special day. They were really great with getting my bridesmaids dresses too. Loved everything about them!

### **Lang**

From the minute I met Connie at Ashley's Bridal I knew that I was in good hands! She is so friendly and nice. She helped me pick out the perfect Bridesmaids Dresses! They were absolutely beautiful! Everyone at Ashley's is very knowledgeable, informative, and honest. I would recommend this Bridal Shoppe to everyone! Thanks John, Connie and Roseann for everything!

### **Cathy**

Everyone at Ashley's Bridal was wonderful to deal with. The location was a little far from where I live, but the service and people made it worth the trip EVERYTIME. They had a huge selection of dresses to choose from and I fell in love with the first one I saw. Being very petite I was worried about getting a true feel for dress while trying on the sample size. Rosann was right there with all kinds of pins and clips. She worked to make the front fit better, then undid all that to show me the back. I left that day knowing this was my dress, but being that was the first store I looked at I decided I needed to look a little more. No other store had the dress of my dreams or people SOOO helpful. A week later I was back in Ashley's ordering my dress with John. At my "dress inspection" knowing how far I was traveling, Connie offered to start pinning for alterations that day. At every fitting Connie was extremely friendly and understanding in every alteration I felt I needed. During one alteration I mentioned I felt like I was stepping on the lining under my dress. Connie got down on the floor and watched me walk. Sure enough I was stepping on it. Both her and John were beyond flexible with making my appointments knowing my travel time. At my last fitting I wanted my dress just a bit more snug so Connie suggested my mom and I go grab lunch nearby and she would finish it within the hour. When we returned it was PERFECT!!!!

While looking around in the store I found the most beautiful jewelry and veil. They without a doubt completed the look and were exactly what I had in mind.

On my wedding day I felt like such a princess and was 100% comfortable in my dress. I didn't have to pull up the strapless gown once or feel like I couldn't breathe. It was a perfect fit!

Ashley's Bridal also had a wonderful selection of invitations. John sent a book home with us and we found the perfect invitation set. When taking all the information John made sure he had every detail right. He even called me at home to check again on one detail before submitting his order. Everything turned out exactly right.

No doubt about it Ashley's Bridal was a great experience. I would (and have) recommend them to anyone getting married. I wish I had gotten my bridesmaids' and flower girl dresses through them.

### **Jenealcl**

The service was awesome!! They customized my dress how I wanted it...its one of a kind!! The price was not bad because you get to design your dress and pick and choose what you want for your dress from other dresses.

**Kds41381**

The people at Ashley's are so nice. They make sure you are always happy with everything! Every time I went there, they knew exactly who I was and would get my dress out and set up my dressing room for me! They are great at their service! One thing went wrong, the bridesmaid dresses must have come from their vender bad because 4 out of 7 of the bridesmaid dresses zippers popped the day of the wedding and Ashley's said it wasn't their problem :( But I would still recommend them.

**Ciriz578**

The shop was incredibly helpful. The staff (especially Roseann) was not hesitant to help with anything. I was in there so often because I had nine bridesmaids and they were willing to help every time. I recommend them highly!

**Katie**

This was a great place to buy my dress. They were very helpful throughout the entire process.

**Mimi1**

John, Connie, and the rest of the staff at Ashley's Bridal made me feel like a princess! And, the price was right! They have a wide selection of gowns, as well as bridesmaids' dresses and mother of the bride dresses. My whole bridal party, including my mother, got their dresses here.

Connie's attention to detail during fittings and alterations can't be matched! My dress was perfect and my husband is still talking about it! We took my A-line dress and made it into a mermaid dress! And, she took my junior bridesmaid's dress and made it very age appropriate, yet still elegant!

I grew up just around the corner from the PA shop and always thought it was just another bridal shop. It's not! This place is something special in the bridal world and I highly recommend it!

Thanks, Connie and John!

**Jill**

My sister, myself, and now my sister-in-law have all gone with Ashley's. I will encourage all my girlfriends to go to them as well. John and Connie are just so personable and so professional. Everything is always on time, accurate, and attached to their warm smiles. They really are great people to do business with. Aside from having professional pride in everything they do from service to seam-work, they are also just genuine, kind

people who really care about your needs. I love working with them and supporting their business. In fact, when I got married, they didn't carry the line or the bridesmaid dresses I wanted. I wanted so much to do business with them (and vice versa) that they arranged a special purchase just for me - and it was STILL the best price around! I would never dream about going anywhere else! Ashley's is just the best around!

### **Alimac33**

I love this place. I've used it for almost every wedding I've been a bridesmaid for. They always give me the best price and the people are very friendly. We only used it for bridesmaid dresses as I didn't fall in love with a dress for myself there, but when I was looking, they were very friendly and helpful.

### **C**

I would highly recommend Ashley's! Not only did I buy my wedding gown from them - I have also purchased 4+ bridesmaids dresses and have been pleased each time.

Connie has also accommodated all of my alteration needs from being pregnant in a few dresses to just having a baby and needing additional alterations! Jon & Connie are wonderful!

### **Laurie S.**

Fantastic service, wonderful people - John and Connie Kim are the BEST! I started there as a bridesmaid, then did my whole wedding from soup to nuts there and then went back and purchased gowns for a few cruises I went on. Every time they were prompt, courteous, and bent over backwards to get me exactly what I wanted. They treat you like family there and their prices are really cheap compared to what is around here. They really know how to put a bride at ease too. I HIGHLY recommend Ashley's bridal to anyone looking for great service, professionalism, courtesy and respect and a huge selection. They really know their stuff.

### **Amanda Pryor**

Connie and John are the best!! From start to finish, my experience was great!! My dress turned out amazing and Connie's attention to detail and expertise was so helpful. Everyone raved about my dress and I couldn't have pulled it off without them!! I would recommend Ashley's Bridal to anyone who is looking for a bridal shop that truly gives you the time and attention you deserve during such a stressful time and treats you more than just a number.

### **Melissa Ayers Werden**

Connie and John are the best! Love them both. They have been amazing to work with and Connie saved my dress! Thank you for everything!

**Lauren Arleth**

John and Connie are the greatest! Very kind and wonderful to work with. Connie did an absolutely amazing job with my dress and her reassurance and kind words helped this nervous bride!

**Amber Jewell**

I loved every moment of my experience at Ashley's. I had no clue what kind of dress I wanted and Connie was wonderful and I found my dress the first visit. She was great to work with for alterations and appointments. Both her and Jon were great with my bridesmaids. We had two receptions where the girls had their dresses cut short by Connie and again an amazing job. I couldn't have been happier with everything. I got my veil, tiara, dress, shoes, my bridesmaids' dresses, and the groomsmen rented their clothing all in one place. HIGHLY RECOMMEND!

**Lynn Rehrig**

Just visited Ashley's Bridal, what a great experience!! Connie was VERY honest and helpful with every detail of the dress, from the size to the accessories, to the fitting. Absolutely NO pressure, they were very attentive, you could tell their main goal was to please the Bride and make her look stunning for her special day. It was well worth the hour plus ride to get that extra touch, and attention.

**Laurie Braithwaite Schenfelt**

Connie and John are the best!!! They did everything for my wedding. Tuxes, wedding dress, bridesmaid dresses (which they didn't even carry but went out of their way to order for a cheaper price). Invitations, accessories. They are one stop shopping! They saved my wedding. One of my bridesmaids didn't tell me that the size of her dress was a little small and Connie salvaged a hem from another dress and made her dress larger without being obvious. They are so nice and easy going. LOVE this place!

**Orusya Voronovski**

Connie and John are awesome. They made my dress look amazing and Connie did an absolutely awesome job in adding stuff to my dress. You guys are great.

**Leah Lomberg**

Connie went above and beyond to make me and my bridesmaids' dresses perfect! She saved my bridesmaids' dresses and basically let me customize my dress however I wanted. Connie made sure that I did not leave unhappy. Also, after shopping around a bit, their prices are some of the most reasonable. Thank you!

**Colleen Tewksbury**

Fantastic service! Very attentive and receptive. Considerate to myself, my bridesmaids, groomsmen, and parents.

**Nicole Newman**

So wonderful to work with! ;)

**April Borgeson**

Highly recommend.
